BECOME A MEMBER TODAY!

The Association is the repository and guardian of the Viking legacy. It will sponsor and organize all social events which will carry on Viking traditions for many years to come.

The Association will maintain a historical archive in order to disseminate authoritative information regarding the history and accomplishments of the S-3B Viking aircraft, the squadrons that operated them, and the individuals who flew them.

In addition to being composed of individual members, the Association encourages formation of squadrons/chapters in areas where there are sufficient numbers to enable the viability of such groups. These "local groups" have two functions: first, to enable more frequent meetings of members at the local level to support naval aviation and inform the general public about the magnificent job done by the men and women formerly associated with the Viking aircraft and second, to reminisce and share in the camaraderie and excitement of once having been the backbone of naval aviation for more than three decades.

For more information and to become a member, go to:

<http://www.vikingassociation.com/>

Membership Fees: \$300 lifetime or \$40 per year
